RESUME

AARAV SHARMA

Email: aarav.sharma@example.com
Phone: +91 90000 12345
Location: Hyderabad, Telangana, India

PROFESSIONAL SUMMARY

Motivated Computer Science graduate with experience in Python development, data analytics, web development, and cloud technologies. Interested in building practical software solutions and AI-powered applications.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, JavaScript, SQL
- **Web Technologies:** HTML, CSS, React, Node.js
- **Data Analytics:** Excel, Power BI, Data Analytics
- **Cloud Technologies:** AWS, Azure
- **Tools:** Git, Linux, REST API
- **Platforms:** ServiceNow
- **Concepts:** Machine Learning, Database Management, API Integration

EDUCATIONAL QUALIFICATIONS

Bachelor of Technology in Computer Science and Engineering
Deccan Institute of Technology, Hyderabad
2021 – 2025
CGPA: 8.7/10

Intermediate – Mathematics, Physics and Chemistry
Sunrise Junior College, Hyderabad
2019 – 2021
Percentage: 91%

Secondary School Certificate
Green Valley High School, Hyderabad
2018 – 2019
GPA: 9.2/10

WORK EXPERIENCE

Python Developer Intern
TechNova Solutions (fictional company), Hyderabad
January 2025 – June 2025

- Developed Python scripts to automate data processing tasks.
- Used SQL to retrieve and organize information from databases.
- Assisted with REST API integration and testing.
- Collaborated with developers to debug application issues.

Data Analytics Intern
InsightBridge Analytics (fictional company), Remote
July 2024 – December 2024

- Cleaned and analyzed sample datasets using Python and Excel.
- Created Power BI dashboards to visualize business metrics.
- Prepared reports to communicate findings and trends.

PROJECTS

1. Smart Expense Tracker

- Developed a web application using Python, React, and SQL.
- Created expense reports and category-wise spending summaries.
- Added REST API endpoints for storing and retrieving transactions.

2. Customer Churn Prediction

- Built a machine learning model using Python.
- Analyzed customer data to identify churn patterns.
- Evaluated model performance using standard classification metrics.

3. Cloud-Based File Storage System

- Developed a file upload and download application using AWS.
- Implemented user authentication and basic file management.
- Used Git for source code version control.

CERTIFICATIONS

- Python Programming Certification – CodeCraft Academy, 2024
- AWS Cloud Practitioner Essentials – CloudLearn, 2024
- Power BI Data Analytics Certificate – DataSkills Institute, 2025
- Java Programming Fundamentals – TechPath Academy, 2023

ADDITIONAL INFORMATION

- **Languages:** English, Hindi
- **Interests:** Data Analytics, Artificial Intelligence, Software Development
- **Availability:** Immediate
